Every notice of violation shall offer to the alleged violator an opportunity to meet with the NWCAA prior to the commencement of enforcement action.
- 131.2 The NWCAA, upon issuance of notice of violation, may require the alleged violator to respond in writing or in person within thirty (30) days of the notice and specify the corrective action being taken. Failure to respond shall constitute a prima facie violation of this Regulation and the NWCAA may initiate action pursuant to Sections 132, 133, 134, 135 of this Regulation.

Each such violation shall be a separate and distinct offense, and in the case of a continuing violation, each day's continuance shall be a separate and distinct violation.

Any person who fails to take action as specified by an order shall be liable for a civil penalty of not more than \$19,000 for each day of continued noncompliance.

133.2 The penalty is due and payable 30 days after a notice is served unless an appeal is filed with the Pollution Control Hearings Board (PCHB).

(A) Within 30 days after the Notice is served, the person incurring the penalty may apply in writing to the Control Officer for the remission or mitigation of the penalty. Upon receipt of the application the Control Officer shall remit or mitigate the penalty only upon a demonstration of extraordinary circumstance such as the presence of information or factors not considered in setting the original penalty.

(B) If such penalty is not paid to the NWCAA within 30 days after such payment is due, the Board or Control Officer may direct the attorney for the NWCAA to bring an action to recover the penalty in Superior Court.

(C) Any judgment will bear interest as provided by statute until satisfied.

133.3 Penalties incurred but not paid shall accrue interest, beginning on the 91st day following the date that the penalty becomes due and payable, at the highest rate allowed by RCW 19.52.020. After five years the suspended portion of the Penalty shall be considered void and of no force or effect.

SECTION 134 - RESTRAINING ORDERS - INJUNCTIONS

134.1 Notwithstanding the existence or use of any other remedy, whenever any person has engaged in, or is about to engage in, any acts or practices which constitute or will constitute a violation of any provisions of the Regulation of the NWCAA, or any rule, regulation or order issued by the Board or the Control Officer or his authorized agent, the Board, after notice to such person and an opportunity to comply, may petition the Superior Court of the County wherein the violation is alleged to be occurring or to have occurred, for a restraining order or a temporary or permanent injunction or another appropriate order.

 - (3) 30 days after receipt of the notice of decision of the Hearings Board if the penalty is appealed.
- (g) If the amount of the civil penalty is not paid to the Agency within 30 days after it becomes due and payable, the Agency may bring action to recover the penalty in King County Superior Court or in the superior court of any county in which the violator does business. In these actions, the procedures and rules of evidence shall be the same as in an ordinary civil action.
- (h) Civil penalties incurred but not paid shall accrue interest beginning on the 91st day following the date that the penalty becomes due and payable, at the highest rate allowed by RCW 19.52.020 on the date that the penalty becomes due and payable. If violations or penalties are appealed, interest shall not begin to accrue until the 31st day following final resolution of the appeal.

In lieu of an order, the Agency may require that the alleged violator or violators appear before it for the purpose of providing the Agency information pertaining to the violation or the charges complained of. Every Notice of Violation shall offer to the alleged violator an opportunity to meet with the Agency prior to the commencement of enforcement action.

- (b) **Civil penalties.**
- (i) In addition to or as an alternate to any other penalty provided by law, any person (e.g., owner, owner's agent, contractor, operator) who violates any of the provisions of Chapter 70A.15 RCW or any of the rules in force under such chapters may incur a civil penalty in an amount as set forth in RCW 70A.15.3160. Each such violation shall be a separate and distinct offense, and in case of a continuing violation, each day's continuance shall be a separate and distinct violation. Any person who fails to take action as specified by an order issued pursuant to this regulation shall be liable for a civil penalty as set forth by RCW 70A.15.3160 for each day of continued noncompliance.
 - (ii) Penalties incurred but not paid shall accrue interest, beginning on the ninety-first day following the date that the penalty becomes due and payable, at the highest rate allowed by RCW 19.52.020 on the date that the penalty becomes due and payable. If violations or penalties are appealed, interest shall not begin to accrue until the thirty-first day following final resolution of the appeal. The maximum penalty amounts established in RCW 70A.15.3160 may be increased annually to account for inflation as determined by the State Office of the Economic and Revenue Forecast Council.
 - (iii) Each act of commission or omission that procures, aids, or abets in the violation shall be considered a violation under the provisions of this section and subject to the same penalty. The penalties provided in this section shall be imposed pursuant to RCW 43.21B.300.
 - (iv) All penalties recovered under this section by the Agency, shall be paid into the treasury of the Agency and credited to its funds.
 - (v) To secure the penalty incurred under this section, the Agency shall have a lien on any equipment used or operated in violation of its regulations which shall be enforced as provided in RCW 60.36.050. The Agency shall also be authorized to utilize a collection agency for nonpayment of penalties and fees.
 - (vi) In addition to other penalties provided by this regulation, persons knowingly under-reporting emissions or other information used to set fees, or persons required to pay emission or permit fees who are more than ninety days late with such payments may be subject to a penalty equal to three times the amount of the original fee owed.
- (3) **Assurance of Discontinuance.** The Control Officer may accept an assurance of discontinuance as provided in RCW 70A.15.3170 of any act or practice deemed in violation of this regulation as written and certified to by the "source." Any such assurance shall specify a time limit during which discontinuance or corrective action is to be accomplished. Failure to perform the terms of any such assurance shall constitute prima facie proof of a violation of its regulations or any order issued there under which make the alleged act or practice unlawful for the purpose of securing an injunction or other relief from the Superior Court.
- (4) **Restraining orders & injunctions.** Whenever any person has engaged in, or is about to engage in, any acts or practices which constitute or will constitute a violation of any provision of its regulations, the Control Officer, after notice to such person and an opportunity to comply, may petition the superior court of the county wherein the violation is alleged to be occurring or to have occurred for a restraining order or a temporary or permanent injunction or another appropriate order.

- (5) **Emergency episodes.** The Agency may issue such orders as authorized by SWCAA 435 whenever an air pollution episode forecast is declared.
- (6) **Compliance Orders.** The Agency may issue a Compliance Order in conjunction with a Notice of Violation or when the Control Officer has reason to believe a regulation is being violated, or may be violated. The order shall require the recipient of the Notice of Violation either to take necessary corrective action or to submit a plan for corrective action and a date when such action will be initiated and completed. ~~SWCAA 400-800 Major Stationary Source and Major Modification in a Nonattainment Area~~

~~SWCAA 400-800 through 400-860 shall apply to any new major stationary source or major modification of an existing major stationary source located in a designated nonattainment area that is major for the pollutant or pollutants for which the area is designated as not in attainment of one or more national ambient air quality standards.~~

~~SWCAA 400-810 Major Stationary Source and Major Modification Definitions~~

~~The definitions in this section must be used in the major stationary source nonattainment area permitting requirements in SWCAA 400-800 through 400-860. If a term is defined differently in the federal program requirements for issuance, renewal and expiration of a Plant Wide Applicability Limit which are adopted by reference in SWCAA 400-850, then that definition is to be used for purposes of the Plant Wide Applicability Limit (PAL) program:~~

- ~~(1) "Actual emissions" means:~~
- ~~(a) The actual rate of emissions of a regulated NSR pollutant from an emissions unit, as determined in accordance with (b) through (d) of this subsection. This definition does not apply when calculating whether a significant emissions increase has occurred, or for establishing a PAL under SWCAA 400-850. Instead, "projected actual emissions" and "baseline actual emissions" as defined in subsections (24) and (2) of this section apply for those purposes.~~
 - ~~(b) In general, actual emissions as of a particular date shall equal the average rate, in tons per year, at which the unit actually emitted the pollutant during a consecutive 24 month period which precedes the particular date and which is representative of normal source operation. The permitting authority shall allow the use of a different time period upon a determination that it is more representative of normal source operation. Actual emissions shall be calculated using the unit's actual operating hours, production rates, and types of materials processed, stored, or combusted during the selected time period.~~
 - ~~(c) The permitting authority may presume that source specific allowable emissions for the unit are equivalent to the actual emissions of the unit.~~
